

Giv tilladelser

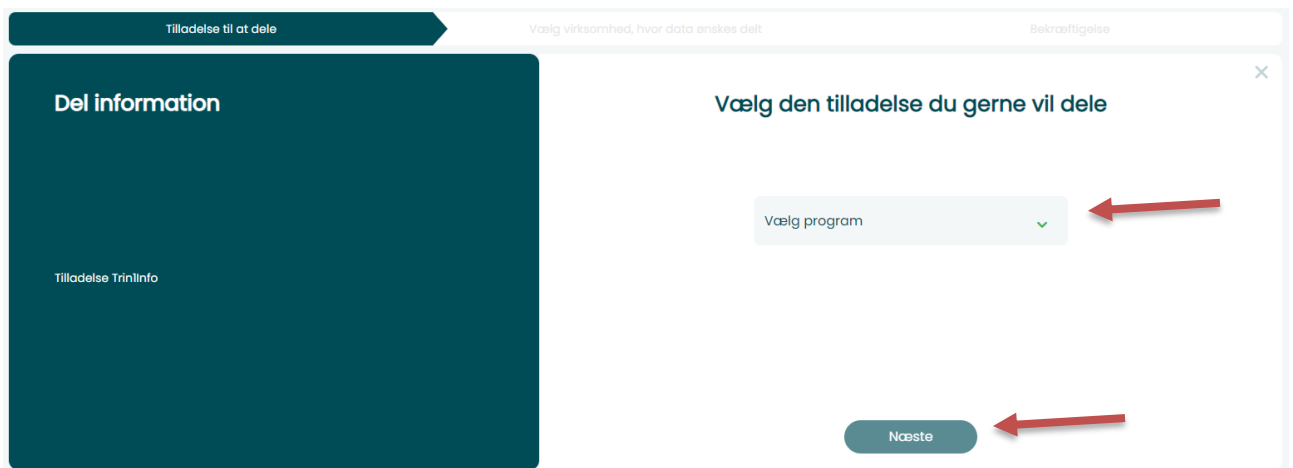

Del data i MyAgroVision

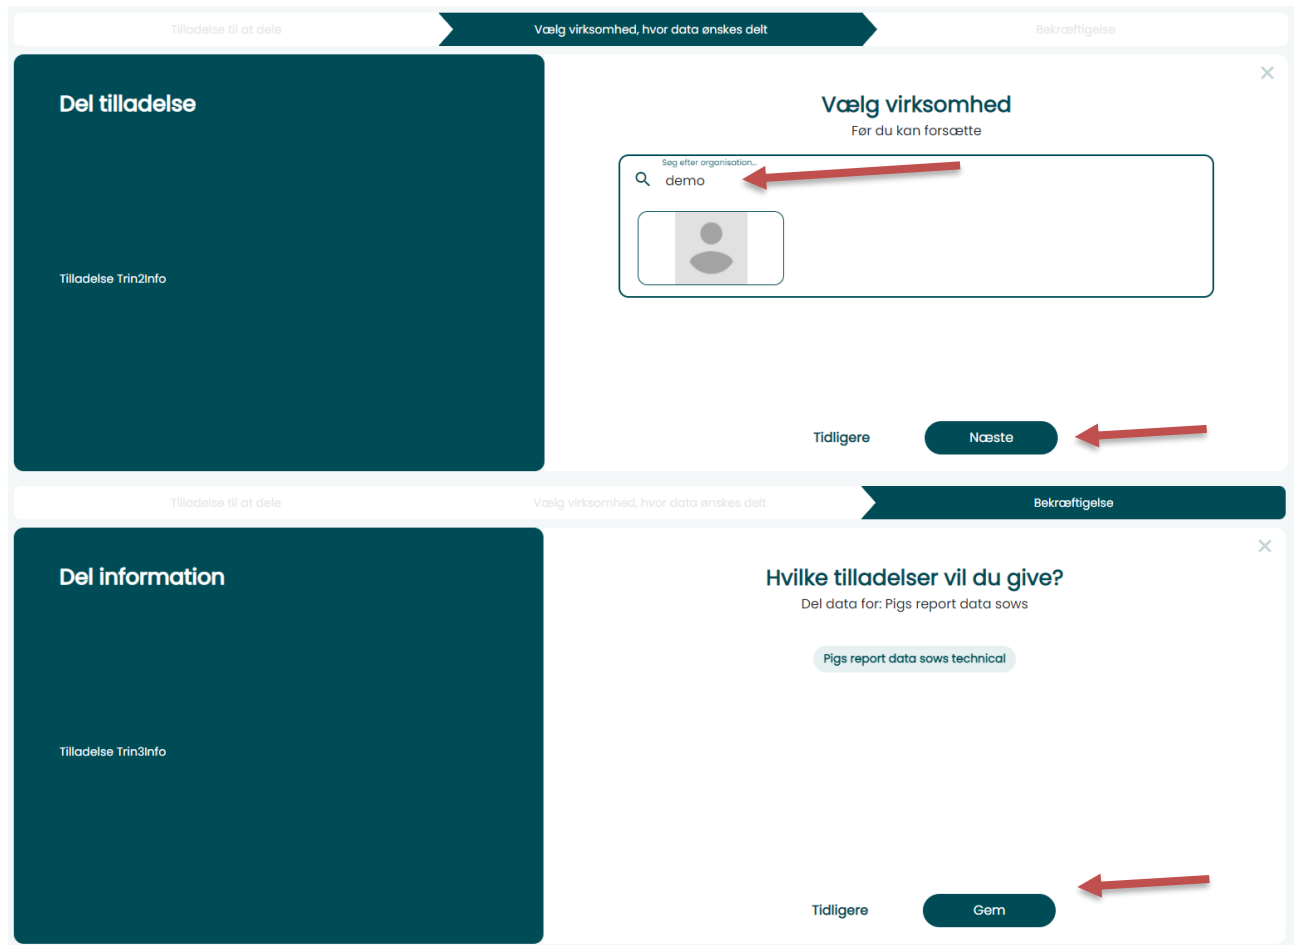

Når du bruger Multi Site Monitor (MSM) skal besætninger dele data med dig. For at besætningen kan dele data med dig skal de logge ind på MyAgroVision og klikke på "Tilladelser" i nederste venstre hjørne.

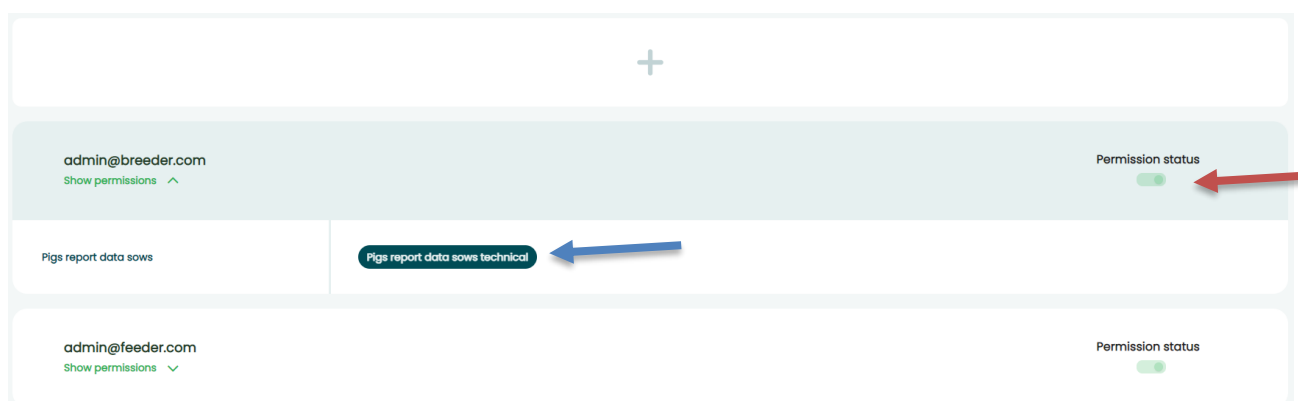

Herefter skal de klikke på "+" ikonet og så vælge hvilken form for tilladelse de vil dele og hvilken organisation de vil dele med:

Når denne tilladelse er givet og gemt, er data tilgængeligt for den valgte organisation i MSM.

Det er altid muligt at tjekke tilladelser, samt fjerne dem hvis man vil det. Hvis du gerne vil fjerne en tilladelse, skal du klikke på data type knappen, markeret med den blå pil.
